

**OAKRIDGE® PRO 30™** Oakridge® Pro 30™ super shingles with *Super Sealant Technology* have it all: a bold, dimensional look with an attractive, well-blended appearance. These beautiful shingles also get high marks for durability because of their **30-Year Limited Warranty\*** with **110-MPH (177 KMPH) Wind Resistance Limited Warranty.**

**What is Super Sealant Technology?**

Our Super Sealant Technology is a proprietary weathering-grade asphalt sealant that is blended by Owens Corning. Oakridge® Pro 30™ super series with *Super Sealant Technology* are rated for 110MPH(177KMPH) winds.

**Your peak performance system.**  
It takes more than just shingles to create a high-performance roof. It requires a system of products working together. The Owens Corning Roofing System is a lineup of key products that can help provide maximum durability for your roof. And the most protection for your home.

- a VentSure® Ventilation Products
- b Pink Fiberglas™ Blown-In Insulation
- c Owens Corning™ Hip & Ridge Shingles
- d Owens Corning™ Shingles
- e Owens Corning™ Underlayment Products

**Owens Corning™ Shingles**  
Choose Beauty. And Performance too.

Owens Corning created roofing shingles that more than protect structure from the elements. Our shingle line is beautiful, too, and boasts a wide selection of color blends and styles that will complement the exterior design elements of any buildings. Owens Corning has been a leader in the building materials industry for over 70 years. With Owens Corning shingles, you can be confident that your new roof will enhance and help protect your home for years come.

Owens Corning shingles are the right choice for long-lasting performance and striking beauty. In addition to a wide range of inviting, popular colors.

 \*\*\* SQ (square) means installed coverage sales unit.  
 + Owens Corning strives to accurately reproduce photographs of shingles. Due to manufacturing variances, the limitations of the printing process and the variations in natural lighting, actual shingle colors and granule blends may vary from the photo. The pitch of your roof can also impact how a shingle looks on your buildings. We suggest that you view a roofing display or several shingles to get a better idea of the actual color. To accurately judge your shingle and color choice, we recommend that you view it on an actual roof with a pitch similar to your own roof prior to making your final selection. Color availability subjects to change without notice. Ask your roofing professionals for samples of colors available in your area.  
 ++ Algae resistnace (AR) available on a regional basis.

**The right choice for both beauty and value.**  
 Our Classic three-tab shingles offer you everything you need in a great roof – curb appeal, weather – resistance, solid value and last durability.

**OAK EURO® W**

**OAK EURO® W PLUS**
